Marion Erwin Returns to Macon.

Macon, Ga., April 30.—(Special.)—United States District Attorney Marion Erwin is spending his spare time in Macon while waiting for a decision in the United States circuit court of appeals in the case of Greene and Gaynor. His interest in the case has reached the highest point, and the long fight is at this time all in the hands of the court before which attorneys appeared several days ago fighting for a new trial for the convicted men.

McCarthy Is Now Recovering.

Macon, Ga., April 30.—(Special.)—P. H. McCarty, the young merchant of Moultrie who attempted suicide at the Hotel Lanier last night when he fired two shots into his body, has recovered rapidly at the city hospital, and is now rapidly gaining strength. His wife was summoned last night as soon as his act was announced, and she is at present by his bedside. He will be taken to his home as soon as he is able to leave the hospital. Both wounds are severe and will cause a long confinement, but neither will necessarily prove fatal.
